

PERSPEKTIVET MUSEUM, STORGATA 95

Everyone is welcome to Perspektivet Museum, and we do our best to ensure that you have the best possible experience in the exhibitions.

Physical functional variations

Storgata 95 is a listed building, and there is no elevator to the second and third floors. The ground floor is universally designed and includes an accessible restroom.

Information before your visit

Descriptions of our exhibitions can be found [here](#). If you have any other questions, please contact post@perspektivet.no

Carer/ Attendant

Certified caregivers/ attendants have free admission to the museum.

Deaf or hard of hearing

The content of our audio-based presentation can be downloaded via a QR code found in the exhibition.

Blind or visually impaired

Visitors with guide dogs are welcome. For audience members with impaired vision who require extra light, flashlights are available to borrow at the counter.

PERSPEKTIVET FOLKEPARKEN, KVALØYVEGEN 38

Everyone is welcome at Perspektivet Folkeparken, and we do our best to ensure you have the best possible experience in the exhibitions.

Physical functional variations

At Perspektivet Folkeparken, there are paths that can be navigated by wheelchair; however, there are stairs leading to all the open buildings. The site also has an outdoor toilet, which is likewise accessed via stairs.

Descriptions of our exhibitions can be found [here](#). If you have any other questions, please contact post@perspektivet.no

Deaf or hard of hearing

We have wall labels for the works in all our exhibitions, as well as informational signage on some of the buildings.

Blind or visually impaired

We have QR codes on-site that allow you to download audio-based content.

PERSPEKTIVET STRAUMEN GÅRD, STRAUMSVEGEN 1874

Everyone is welcome at Perspektivet Straumen Gård. While the buildings are not generally open to the public, it is a wonderful destination for experiencing an authentic Northern Norwegian farmstead.

Physical functional variation

The outdoor facility features uneven terrain and is, unfortunately, not universally accessible.
